

CULTURE MOMENTS

SER JOBS 

Instituting culture moments in your office can be done at no cost and can include as many employees as you like.

Culture moments work very similar to safety moments.

Take a couple minutes before each meeting to share on a topic related to culture, diversity, equity and/or inclusion.

The best parts about culture moments are:

1. They are short and sweet.
2. Gives everyone an opportunity to lead.

When everyone feels included in the conversation, they are more apt to share openly and honestly.

Thank
you
