JULIAN'S STORY

Stepping Up to Inspire

Julian M. faced many hardships, moving between San Antonio and Houston with his single mother and struggling with negative influences. By 16, he was involved in drugs and legal issues. Realizing his younger siblings looked up to him, Julian decided to change his life when his family moved to Houston. He enrolled in SERJobs' YouthBuild Houston program, where he earned his GED and construction skills. The program's supportive environment and mentorship helped Julian gain confidence and find purpose. Now employed and optimistic, Julian advises others to seize opportunities like those offered by SERJobs.

NAMITA'S STORY

Finding Financial Stability

Namita K. started her SERJobs journey at 18. Four years later, she has a great job and is thriving. Moving from Nepal to Houston, Namita joined the SERJobs Summer Jobs program, which helped her gain work experience and overcome her fear of job interviews. Over four summers, she interned at the City of Houston, Menil Collection, and Bank of America.

Graduating in 2020 with a degree in General Business Management, Namita struggled to find work due to the pandemic. SERJobs helped her secure a part-time job and enroll in a banking training program. This led to her landing a job as a personal banker before the training ended. Namita is now enjoying her role and aims to advance in her career, potentially pursuing an MBA. She credits SERJobs for her success and continues to be grateful for their support.

"EVERYTHING WAS SET UP IN A WAY THAT MADE IT SO EASY TO GET A JOB."
